- ☐ To extend the term of supervision for            Years, for a total term of            Years.  
☒ To modify the conditions of supervision as follows. The addition of the following special condition(s):

The defendant is to be confined to his residence for a period of 5 months commencing at the direction of the U.S. Probation Office. The defendant shall be required to be at this residence at all times except for approved absences for gainful employment, community service, religious services, medical care, educational or training programs and at other such times as may be specifically authorized by the U.S. Probation Office. The defendant shall wear an electronic monitoring device and follow electronic monitoring procedures. The defendant shall comply with any other specific conditions of home confinement as the probation officer requires. The defendant shall pay the costs of electronic monitoring, specifically \$3.18 per day.

**CAUSE**

The offender was originally ordered to serve four (4) months in prison and five (5) months in a halfway house, however, he completed seven (7) months in prison. He was referred to halfway house subsequent to release, however, the probation office for the Middle District of North Carolina advised their halfway houses are backed up and they were recently given a placement date of June 9, 2009. Due to the offender's positive adjustment under supervision, we are recommending the offender be allowed to reside at home under home confinement in order to care for his fiancé who is pregnant, and his newborn child once she gives birth in October 2009.

Respectfully submitted,

By: Leslie M. Vargas
